Letter fom our CEO

Greetings!

Hard to believe that Summer is here already, let alone half over! The older I get, the faster everything seems to move!

We are finally reaching the point where we will either be in the new location or very close by the time you read this. I must honestly say the issues we've had and how long its taken to fix has been one of the most frustrating things I've ever with in a nearly 40 year career. What I can say is that the building will be beautiful and you will love it when it is finally open. Thank you for your patience.

I also want you to know that despite our construction delays, your credit union is thriving. Our growth in loans, shares, and membership are all within the top 5% of our peer group of 750 credit unions in the United States with assets between \$10-50 million. This is as of both December 31, 2025 and March 31, 2026. Growth is important, the more resources we have, the more folks in our community we can help.

In closing, thank you al for helping us grow and prosper! In return we promise excellent service, low loan rates, low fees, and a good return on your money.

Have a wonderful Summer,

William Hershman, CEO
